STYLE GUIDE

Note: The fonts, colors, and button styles are what I am starting with, but they're not set in stone. I will keep tweaking things as I go to make sure everything looks great and feels right.

Typography

- **Font Family:** Poppins, sans-serif
- **Font Weight:** Regular (400) for paragraphs and Bold (700) for headings
- **Color:** Standard text is #212529 (a dark gray) for readability against a light background
- **Headings (h1 to h6):** Gradually decreasing in size from h1 (largest) to h6 (smallest) to establish a clear hierarchy.
- **Paragraphs (p):** Line height of 1.6 for comfortable reading

Buttons

- **Base Style (.btn):**
    - Font weight: 400
    - Background: Transparent
    - Border: 1px solid transparent
    - Padding: 0.375rem 0.75rem
    - Font size: 1rem
    - Line height: 1.5

- o Border-radius: 0.25rem
- o Transition for color and background color for a smooth visual effect
- **Primary Button (.btn-primary):**
  - o Background color: #007bff (a vibrant blue)
  - o Text color: #fff (white)
  - o Border color: #007bff (to match the background)
  - o Hover effect: Darker blue background (#0069d9) and border (#0062cc) for visual feedback

Cards

- **Card (.card):**
  - o Background color: #fff (white) for content to stand out.
  - o Border: 1px solid rgba(0, 0, 0, 0.125) for subtle definition
  - o Border-radius: 0.25rem for a modern, rounded corner look

- **Card Body (.card-body):**
  - o Padding: 1.25rem to give content inside the card some breathing room

General Layout and Spacing

- **Text Alignment (.text-center):** Centers text horizontally.
- **Margins (.mt-3, .mb-3):** Provides consistent vertical spacing; mt-3 adds margin-top of 1rem, mb-3 adds margin-bottom of 1rem

Color Scheme

- **Primary Color:** #007bff (vibrant blue), used for primary buttons and interactive elements.

- **Background Color:** #f8f9fa (light gray), used for the overall background to provide a neutral, unobtrusive backdrop
- **Text Color:** #212529 (dark gray), used for the primary text for optimal readability
- **Card Color:** #fff (white), used for card backgrounds to ensure content stands out against the overall background
